

# Digital Europe Programme

**Panel**

# Questions

*At European level, what are the promising educational content/tools for primary and secondary schools that could be scaled-up and deployed ?*

*What type of actions (project size and duration, funding scheme, stakeholders...) could motivate and make it easy for a large number of schools to participate ?*

# Questions

- *What are the main subjects we should be prioritising ?*
- *What would be the role of the industry to support the digital capabilities of schools?*
